1ST EDITION

Screen Tourism and Affective Landscapes

The Real, the Virtual, and the Cinematic

Edited By **Erik Champion, Christina Lee, Jane Stadler, Robert Moses Peaslee**

This book explores ways in which screen-based storyworlds transfix, transform, and transport us imaginatively, physically, and virtually to the places they depict or film. Topics include fantasy quests in computer games, celebrity walking tours, dark tourism sites, Hobbiton as theme park, surf movies, and social gangs of Disneyland. How physical, virtual, and imagined locations create a sense of place through their immediate experience or visitation is undergoing a revolution in technology, travel modes, and tourism behaviour.
